Press Release

Model 316 Stand-Alone Labeler

Simple and easy to use is how we describe this labeler...low cost is the bonus!

This apply only labeler is available as a tabletop unit or portable enough to be mounted to a T-base stand and positioned next to your existing conveyor line. Equipped with a stepper motor and available with interchangeable applicators. Speeds up to 300/minute with maximum label size up to 5" wide.
